

STOCKHOLM METRO

OFFERING STATE-OF-THE-ART DATA CENTER FACILITIES, IN ONE OF THE WORLD'S MOST DIGITALLY-CONNECTED ECONOMIES

Our three Stockholm International Business Exchange™ (IBX®) data centers are business hubs for 195+ companies, enabling companies to connect to a rich industry ecosystem across Scandinavia and beyond. Customers can choose a broad range of network services from 70+ local and international network service providers operating in a market with Europe's highest level of mobile penetration.

The Stockholm colocation facilities are located in prime strategic locations and offer excellent communications links with both central European and Russian business capitals. They feature unrivalled levels of connectivity and performance and are home to the main two Swedish internet exchanges — NetNod and STHIX.

Stockholm metro facilities

The Equinix Stockholm data centers consist of three buildings with 143,000+ square feet (13,350+ square meters) of colocation space. These premium facilities offer scalable technical space and fully redundant power supplies that deliver leading operational resiliency and world-class security.

The value of interconnection

- Interconnect with 195+ of the world's leading organizations
- Optimize communications and exchange data with enterprises, content providers, and cloud, network and internet service providers
- Leverage Performance Hub™ to enable next-generation wide area network (WAN) architecture for secure and highly reliable connectivity to 70+ network service providers and 60+ **cloud and IT service providers**
- Interconnect with top **content digital media** (CDM) companies to reduce latency and help improve user experience
- Maximize the use of digital channels with access to the main media hubs in both Stockholm and Helsinki
- Easily meet compliance requirements, today and tomorrow. Certifications for our Stockholm IBX data centers include ISO 27001 (information security management), ISO 9001 (quality management) and PCI DSS (card payments specific accreditation)
